

# JOURNAL OF CLINICAL MICROBIOLOGY AND BIOCHEMICAL TECHNOLOGY

## INVITATION FOR SPECIAL ISSUE

**Special Issue Title:** Medical Nutrition Therapy

**Guest Editor:** Serdal Sevinc, Scientific evaluator, Canada.

Dr. Serdal Sevinc has a diverse scientific background and multiple University degrees, including a DVM (University of Ankara), Turkey, MPhil in Bacteriology (University of London, UK), MSc in Microbiology University of Alberta, Canada), and received his PhD in 1997 from University of Manitoba, Canada.

He worked as a postdoctoral fellow at University of Ottawa (1997-2002), and as a researcher at Health Canada (2002-2012). Currently, he is working as scientific evaluator of biotechnology products, at Health Canada, Government of Canada.

His research area and expertise includes various aspects of Microbiology, including Genetics, Molecular and Cell Biology, focusing on mutagenesis, cloning and protein expression, knockout mouse, mold allergens.

Sincerely,

**Hifesh P**

Journal Managing Editor
